VESEL INFORMATION:
Transporting of people and cargo from Samoa to the 3 Atolls of Tokelau (Fakaofo, Nukunonu & Atafu) is done by two vessels operated by the Transtok under the Department of Transport and Support Service. These 2 vessels are:

**MV Mataliku [ESU2865 - 495GT]:**
This vessel is designed for the carriage of passengers between Apia and the 3 atolls of Tokelau. The maximum passenger capacity is 60 pax internationally and 120 pax inter-atoll. The vessel can also accommodate small dry cargo, frozen goods and chilled food stuff. It has 24 bunk beds in 2 air-conditioned cabins with a large open space at the upper deck which can accommodate 24+ passengers who prefer fresh and open air. Foam mattresses are provided while passengers are to bring their own bedding, normally comprising of a pillow and sheets. For comfort, the passenger lounge is fitted with 16 aircraft recliner seats and TV screens for entertainment. It also includes a sick bay for transfer of patients from the atolls. Her service speed is 11 knots with a maximum of 13 knots depending on weather conditions. The vessels approximate hours and Apia — Atafu is 30 hours.

**MV Kalopaga [ESU3374 - 495GT]:**
This vessel is a 47 meter Landing Craft with a 12 ton crane onboard designed for cargo operations. It is designed for the carriage of various cargo including containerized and palletized goods, bulky materials, building materials, and dangerous goods (petrol, kerosene, diesel & LPG), vehicles and frozen goods to Tokelau. Number of passengers is limited to 8 due to the nature of the vessel operations and designed living quarters.

Both vessels run according to their scheduled sailing dates which are outlined in the Annual Sailing Schedule. However, this schedule is subject to change without prior notice. While the Department endeavors to advise all booked passengers on any change, it is highly recommended that passengers take out personal insurance prior to their travel.

The Annual Sailing Schedule can be accessed via the Tokelau Government official website www.tokelau.org.nz
